ICEMAN R725

(AMFU, CAFU, DDFU, NHFU) Born: 2/4/20

Bull code: DXTR725

Dam: Texas Undine H647

Sire	Basin Payweight 1682 Poss Maverick Poss Pride 5163
Dam	Bangadang Western Express E10 Texas Undine H647 Texas Undine Z183
Weaning Wt.	363kg
Yearling Wt.	616kg
Yearling SC	42cm
Frame	6.7
Aust. Reg. No.	DXTR725
Owner	Mackas Australian Black Angus Beef

- Texas Iceman's EBV's are unmatched, with a combination of +3.8BW, +155 600DW and +12.4 EMA. Add to this his excellent calving ease direct +7.7, Scrotal +2.7, Carcase Weight +92, and positive for both fat EBV's it's easy to see why competition to own this young sire pushed him to a record breaking \$225,000.
- Iceman is backed by one of the most prominent maternal lines in the Australian Angus herd. His dam Texas Undine H647 has been a blue hen in the Texas Angus Program. Texas Undine H647 has now produced 18 sons who have sold for an average of \$37,100 at Texas Angus.

- Iceman's unrivalled performance, breed leading index values, and eye-catching phenotype combine to make him a sire who will dominate the global beef industry for many years.
- If you are looking for a sire that offers your breeding program diversity in pedigree, breed leading data, faultless phenotype, backed by a proven cow family, then be sure to add Texas Iceman R725 to the top of your list.
- Male & Female sexed semen now available.

- The highest selling bull of the Dunoon Spring Sale in 2021, at \$68,000 to Bongongo Angus
- A phenotypic superstar with performance data to match!
- Quick Draw McGraw is unique for the amount of capacity and overall dimension he possesses, for a top 1% marbling sire
- A bull that on inspection is above average for frame, displays great length of body, with a magnificent laid in shoulder, while still maintaining the proud look of a sire
- Will be extremely popular in both heifer and cow joinings, with his ability to improve type and data all in one

- The product of disciplined, laser focused breeding, Fair-N-Square is built by maternal excellence, longevity and genuine Angus quality.
- His Thunder dam is backed by power and productivity from a Myers foundation female who bred first-service A.I. 11 consecutive years.
- Fair-N-Square is unique for his balanced length and depth of body, with impressive volume, performance and quality you'd expect from the Myers program.
- A sire who offers short gestation length with explosive growth.
- Displaying excellent Foot EBV's in the Top 20%, and a host of other traits hitting breed optimums, use Fair-N-Square to mitigate foot issues and propel your program.

- Musgrave Angus Identified Crackerjack early as the next step forward in their breeding program. His powerful yet proud look, awesome structure, and body density is blended with balanced genetic predictions to create a sire that's as well-rounded as you will find in the breed.
- The ST Genetics team identified Crackerjack for his excellent feet, large scrotal development and extra muscle expression. His productive dam has power, substance, femininity, with incredible udder quality and excellent feet.
- With Stunner no longer available, look to Musgrave Crackerjack as your calving ease option in 2022.

USA19507801

- Exponential is the Top Selling Bull from the 2020 Knoll Crest Spring Bull Sale. There, he was pursued by many respected breeders and genetic suppliers for his combination of outcross genes, with an elite look and genetic profile.
- He ratioed 114 for WW, 122 for YW, 101 for IMF and 117 for RE. He reaches the Top 1% of the population for several traits including a \$Combined that is off the charts.
- We expect Exponential to add a notch of frame and length, along with loads of body and thickness. His results will be superior performance with Angus quality for all production segments.

- Raindance's progeny have captured the attention of the Angus world and have put him on the fast track to stardom.
- Proclaimed by many as the pick of the flush, Raindance has separated himself with impeccable phenotype and the one Kelly Schaff used heavily in his program.
- Raindance progeny are stunners – extra-long, deep-bodied and stout-rumped with all the power, performance and presence you can put in one package.

- Exclusive was one of the first 316 sons to sell and Musgrave's bought him back to use heavily in their own herd. They have identified him as one of the preeminent 316 sons in the breed.
- Exclusive has great muscularity and scrotal circumference and body shape and is a great choice for a well-balanced sire with calving ease.
- Yearling Musgrave 316 Exclusive sons sold to a high of \$32,000 in the 2021 Clunie Range Angus bull sale.
- He was a standout sire and favourite of many Australian breeders that have inspected him at Musgrave Angus and a high use sire in 2020 and again in 2021 in Australia.

- Red U2 Dominion offers an outcross pedigree, maternal value and an incredible phenotype.
- As a Magnum daughter, Dominion's dam is derived from a notable cow family known for fertility and calf performance.
- Backed by a maternal legend, she possesses the ideal stature and elite udder quality every cattleman strives for.
- Stout from all angles, Dominion has a near perfect foot design, is easy fleshing and backed by generations of great cows.

- Relentless is a gem of a young bull from the up-and-coming Twedt Red Angus Ranch. He is exceptionally deep ribbed and clean fronted, with a shoulder designed for calving ease.
- Born at 74 pounds in ND, Relentless went on to wean at 784 pounds with 108 weaning ratio. His productive dam is a top matron in the Twedt program. Check his tandem of HB and GM and you'll see there's multi-trait improvement available with Relentless.
- Relentless froze semen right away at stud and we anticipate high fertility outcomes with his genetics.

- A global leader for \$Profit Index, ranking in the top 1% for 10 indexes/traits.
- Regardless of breed type, you couldn't pull a bull apart and put him back together better than Cool Beau, he is an impressive sire with a gentle nature.
- Cool Beau is a moderate long balanced easy doing, sound footed potent young sire.
- Cool Beau encompasses all of Davelle's breeding objectives of low birth weight, good growth and excellent carcass which in combination propelled Cool Beau to be one of the highest \$Profit Index sires globally.

- Headline was admired for his superior visual quality, outcross genetics, and powerful design at the 2021 Bred for Balance Sale.
- The extra substance, base width and muscle that he combines, while maintaining style and near-perfect structure is truly impressive. Leading his ET contemporaries, he lands in the Top 1% for API, Top 4% for TI, and Top 10% for CE.
- Headline is a maternal brother to Hook's Eagle, perfect outcross to Cowboy Cut and Beacon descendants, with the genetic predictability needed to be a generational sire.
- Purebred, Homozygous Black, Homozygous Polled

- Powerfully built and red to the ground, Advance 628 was a member of Hoffman's 2017 NWSS Champion Carload and went on to be the top selling bull in their 2017 sale.
- Advance 628 offers one of the elite pedigrees available in the Hereford breed.
- A full sister to 628 commanded \$100,000 in Hoffman's 2017 female sale and Nate Fredrickson proclaims his donor dam to be one of the best females ever in his program.

- An exciting addition to our Wagyu Line-up, Pinnacle is an excellent all-round eye catching sire bred in the famous Mayura herd.
- Pinnacle's sire is none other than breed legend Mayura Itoshigenami Jnr, the breed legend that has produced over 840 carcasses at an average marble score of 9+, has had progeny sell to \$160,000, and semen to a staggering \$70,000/straw!
- The Dam of Pinnacle, Mayura G0023, is one of the elite Donors in the Mayura herd, and has produced 4 carcasses to average 9.25 Marble Score and 490kg Carcase Weight, while her first 4 sons to sell have averaged \$54,250.
- Pinnacle Ranks highly across a number of key traits, with his marble score sitting well inside the top 5% of the breed, and his Carcase Weight and EMA in the top 10%.

- Australian data indicates added growth.
- 533 is a muscular bull out of the Kedaka line and should deliver good growth and a larger frame.
- His sire is a trait leader for growth, and 80% of his steer offspring graded A5 for marbling, the highest in Japan.

The protocols outlined below are some of the more common ones recommended by the Repro360 team at Vetoquinol Australia.

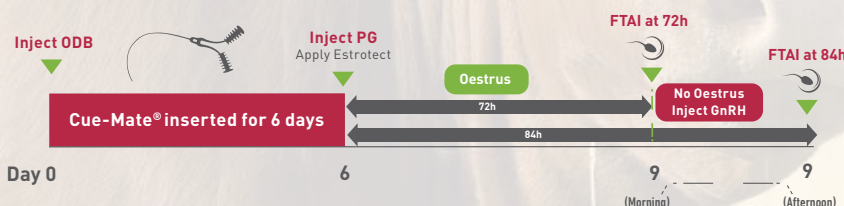

GnRH – Gonadorelin releasing hormone
ODB – Oestradiol benzoate
PG – Prostaglandin F2α

FTAI – 8 Day Cue-Mate®

A commonly used **FTAI protocol**, that provides the benefit of only three handlings. Best suited to *Bos taurus* genotypes. A popular choice for the commercial cattleman that have ease of management as a high priority. Suitable on properties that don't have EU accreditation.

J-Sync – with aided heat detection

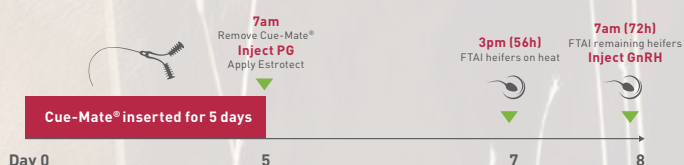

ESTROJECT
BREEDING INDICATOR

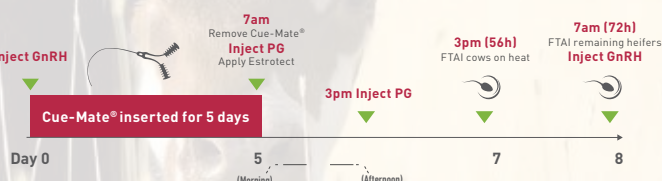

A protocol for the astute cattle breeder that is interested in utilising **sex-sorted semen** or wants **optimal results** in their herd. Females with a rubbed **Estroject** at the 72h FTAI will have higher fertility than females at the 84h FTAI, providing the option for different choice of semen at each insemination.

Protocols suitable for EU accredited herds

HEIFERS – FTAI with aided heat detection

COWS – FTAI with aided heat detection

ESTROJECT
BREEDING INDICATOR

This **FTAI protocol** uses **Estroject** to aid in heat detection to improve accuracy of FTAI time. Females with rubbed Estroject at the first FTAI will have higher fertility than females at the second FTAI providing the option for different choice of semen at each insemination. Note the use of 2 x PG injections in the Cow Protocol, this is an important step for optimal fertility. Simple FTAI protocols for EU producers are available.
